

## **7<sup>th</sup> Grade Science      Book E Environmental Science**

**Chapter Four:** Environmental Problems and Solutions

**Section Two:** Environmental Solutions (pg 84-91)

For each word listed below, write the word on a piece of notebook paper, underline or highlight the word and then write the definition after the word. (Students are encouraged to take the definition from the actual text because that is the definition that will be used on quizzes and tests).

conservation              biodegradable              recycling  
resource recovery      Endangered Species Act  
Environmental Protection Agency (EPA)

Answer each of the following questions on a piece of notebook paper, in a complete sentence, restating the question in your answer. Failure to follow these rules will result in the student having to rewrite the assignment to earn their points.

1. How does riding a bike help the environment?
2. What are the three “R’s”?
3. In most countries one third of their waste comes from what?
4. List three examples of people practicing “reuse”.
5. Name five items that can be recycled.
6. Look at the chart on page 90. Discuss at least four that you do.
7. Liza rode her bike to the store. She bought items that had little packaging and put her purchases into her backpack. Describe how Liza practiced conservation.
