## 3RD, 4TH, AND 5TH GRADE SMARTER BALANCE TESTING

This spring your student in grades 3-5 will take the Smarter Balanced tests in math and English language arts. Students in grade 5 will also take the Washington Comprehensive Assessment of Science (WCAS).

During this time, we ask for your partnership! We know that the communication and connection between home and school leads to the success of our students. Your student will be testing over multiple days. During the week of testing, we ask that all students are getting plenty of rest, eating a good breakfast, and drinking plenty of water. We also thank you in advance for assuring your student is in attendance during their testing periods. These assessments measure your student's proficiency and growth from year to year.

At Rainier Elementary, we take pride in our students' performance and work ethic. We know that our students will work hard and will be prepared to show what they know! Please assist us in reinforcing the importance of these assessments. Also, encourage your student to have

a growth mindset and do their best. We know this time can be stressful for our students and we aim to provide the most positive environment for all of our students.
