Mrs. Rossmaier’s Senior English Class took a trip to the two Ice Chip Facilities here locally. The Naked Newt facility in Yelm showed the students how the products are made, packaged, marketed and shipped. At the Ice Chip facility in Tumwater, students saw the processing and details of the manufactured no sugar candy.

The students had read the book “Two Grannies in a Garage”, by Bev Vines-Haines, together in their first hour English Class. The students discussed and prepared questions, the grannies answered their questions while at the Tumwater facility. Charlotte Clary and Bev Vines-Haines (the grannies) donated the books a couple of years ago.

Huge thank you to Sylvia, Belinda and the Grannies for making this “once in a lifetime” experience happen. The students finished up the day with lunch at Eagen’s!

Miss Von Wendel took 25 Middle and High School students to Curtis Jr. High for a creative writing workshop. Students learned from New York Times bestselling authors, such as Marissa Meyers, Marie Lu, Brandon Mull, Kiera Cass, and Allie Condie to name just a few. All students had an opportunity to meet 18 authors and attend workshops to learn everything from the writing process, developing diverse characters and how to publish.

**Child Find**

Rainier School District is committed to addressing the unique needs of student with disabilities ages Birth through 21 residing within the boundaries of the Rainier School District. This includes children with disabilities enrolled in private, including religious schools, as well as children who are homeless (if your family is living in a temporary situation, you may contact the district where you are currently staying for a screening). Disabilities can be in any one of several areas that ultimately affect a child’s learning, such as the ability to think, to express oneself, to see or hear clearly, to get around or understand instructions given.

Birth to 5 children have access to free developmental assessment. Areas could include:
- approaches to learning
- physical/motor
- social/emotional
- cognitive
- communication and language
- literacy
- math/numeracy
- sensory function
- temperament
- behavior
- specific disabilities such as autism

If you have a child who you think might have a disability requiring special education instruction or significant accommodations at school or if you know of such a child, please feel free to contact the Rainier School District Special Education Office at 360-446-7406 ext 1210 or P.O. Box 98, Rainier, WA 98576.

**Food Service**

The goal of the School Breakfast and Lunch Program is to provide nutritious meals to children during the school day. Children may receive breakfast and lunch at no cost to them if they are categorically eligible for free meals or if they qualify for free meals based on Federal poverty guidelines. Sometimes, however, children who do not qualify based on these standards would like a breakfast or lunch, but do not have money in their account or in-hand to cover the cost of the meal at the time of the meal service.

Rainier School District recognizes that unpaid meal charges represent a difficult and complex issue directly impacting the schools, as well as the children they serve. We are sensitive to this fact. However, now that we are at the end of the school year, the school district must balance our school food service operations. **Students may no longer charge lunches after May 25, 2018.** Please make sure your student(s) lunch accounts are paid up in full. Money can be added to a child’s meal account by sending cash or check to the school office or by using a credit card online at: [www.rainier.wednet.edu](http://www.rainier.wednet.edu)

A detailed report of your child’s meal account activity can be obtained by calling our Food Service Office at **(360) 446-9133**, or by logging onto Family Access.
