March 2021

Rainier Elementary

2021-2022

Kindergarten Registration

Pre-Registration on the Rainier Elementary website will open March 1st!

<http://www.rainier.wednet.edu/domain/60>

Your child needs to be five years of age on or before August 31, 2021 for the
2021-2022 Kindergarten

To start the registration process:

Please pre-register online: <http://www.rainier.wednet.edu/domain/60>, then click on the Kindergarten Pre-registration link. We will contact you to confirm your interest in our Kindergarten program and to review our registration process.

Due to the pandemic all registration will be completed online and our kindergarten activities will be limited!!

To complete your child's registration:

A completed Kindergarten Google Registration Form must be submitted online

A copy of your child's birth certificate

Immunization records

Proof of residency

Skyward Annual Update (completed in late August)

We look forward to seeing our future kindergarteners and parents.

Thank you for sharing your precious child/children with us!!!

A note from Food Service

Free Breakfast and Lunch is available to ALL students in school for the remainder of the school year.

Curbside pick-up is available on days students are not in school and for all other children 0-18 years old.

Curbside pick-up time is at the Elementary School from 12:00pm to 1:00pm daily.

Message from our School Nurse

As a reminder, **please keep kids home with any flu-like symptoms and inform the school if your child(ren) is sick and has flu-like symptoms** (fever >100.4 , cough, loss of taste or smell, shortness of breath, fatigue, headache, muscle or body aches, sore throat, congestion or runny nose, nausea or vomiting, diarrhea). **Please do not send sick kids to school.** We are expecting you to keep them at home and the student(s) can receive their education online. We appreciate your support through this process.

Science Experiment

Mrs. McNealley showed her second graders how to do the Valentines Science Experiment. The experiment started with a clear glass jar, then water was added along with baking soda. After mixing, Valentine candy hearts were dropped into the solution. Once the heart sank to the bottom, vinegar was added. Students were able to watch the candy hearts bounce up and down from the chemical reaction.

Tenino vs Rainier Food Drive

Our beautiful revolving trophy is looking for a new home.

Will it be Tenino High School or Rainier High School?

Help us contribute to our community by participating in our Food Drive Challenge

March 1st through March 31st!!

1. All donations must be commercially canned, boxed or packaged and are weighed based upon what the label says. The food bank tally will serve as the total without question.
2. All donated items must be non-perishable (does not need refrigeration) and usable by the food bank.
3. Any community group (Scouts, Church, Eagles, Business) may contribute to the food drive, simply tell the food bank worker that this donation is for the **MARCH CANNED FOOD DRIVE COMPETITION** between Rainier and Tenino.
4. Food donations will be accepted from March 1st at 8am through March 31st by 5pm. You may donate to one of the sites around our town or you may deliver directly to the food bank. Please let the food bank know you are participating in the competition.
5. If some folks would like to donate cash instead of canned items, we will gladly count each dollar as 1 pound. The food bank often appreciates cash so they can buy specific items that they need. Students should not accept cash, ask the adult to take it directly to the food bank.

Rainier Food Bank Hours:

(parking lot of Valley Heart Assembly of God Church at 11318 Vail Cut Off , Rainier

9:30-Noon: Monday, Wednesday and Saturday

Collection Bins will be located at:

Rainier High School, outside commons door (308 Second Street SE)

Rainier City Hall, right inside door—Tami Justice (McKenzie's mom) can accept your cash too!

SkillsUSA Club

This year we did not have any hands-on contests for SkillsUSA Club. We did, however, have some students participate in some leadership contests. Mr. Lybecker is very proud to say that Rainier students have come through again! All of the contests were either live remote or recorded and submitted.

In Applied Technical Math contest, Autumn Kenney placed 7th, Abigail Avery placed 6th and Jeremiah Nubbe placed 4th.

In the Job Interview contest, Autumn Kenney placed 9th and Jeremiah Nubbe placed 3rd.

In the Job Skills Demonstration contest, Jeremiah Nubbe is the Olympic Region Champion with an impressive presentation on how to change out the wire spool on a wire feed welder and get it all set up with the correct welding polarity and tip selection.

In the Pin/T-Shirt Design contest, Emily Ziemathis is the Olympic Region Champion. She came up with a wonderful design and made a very impressive presentation to the remote judging panel.

It looks like all of the Rainier students that competed in the Applied Technical Math contest will compete at the state contest later this spring. Jeremiah Nubbe will compete at the SkillsUSA Contest in both Job Interview and Job Skills Demonstration contest.

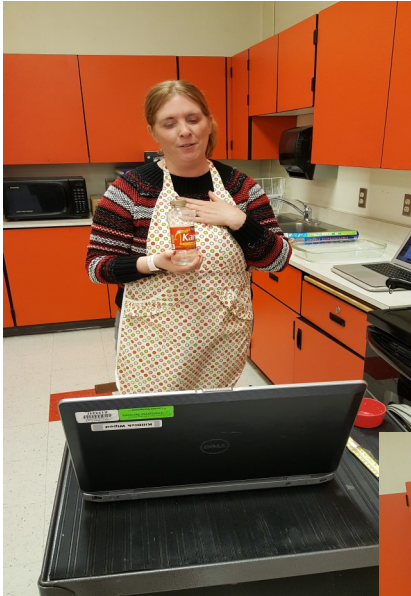

Winning Pin/T-Shirt Design by
Emily Ziemathis

Cooking with Mrs. Baker

During the remote learning time at Rainier High School all of our Career and Technical Education Teachers have been working hard to connect and provide hands-on learning for our students. Our Home and Family teacher Mrs. Baker has been doing live cooking shows every Friday. Some of the kids cook simultaneously with her, while other watch. On this day they made homemade caramels.

Amazing amount of student engagement with wonderful conversations.

Robotics Building with Mr. Cornwall

Mr. Cornwall has been connecting with his students about the fundamentals of technology and robotics. Students were able to pick up robotic kits and enjoy the experience of making robots and learning how to program them. Way to go Mr. Cornwall!

Rainier High School Landscape Class

The kids are back! The Rainier High School Landscape Class is putting together a greenhouse full of plants for our May Plant Sale. It is so nice to be back in person and getting our hands dirty.

Our first plugs arrived the day before the students did and we have been transplanting ever since. We will also be starting our vegetable seeds for our longer growing plants next week and we are excited to be able to offer student raised plants for our community plant sale this spring. We haven't worked out the logistics of how the sale will be handled at this point but rest assured our Rainier students are on the "job". Keep your eyes and ears open for future news as this year's crop is going to be the best yet. We have added in some new annuals, perennials and even some different varieties of veggies.

Thanks to all that have supported our program in the past and we look forward to serving you and any newcomers in the future.
